## The Program Says Goodbye

The Organ Donor Program says goodbye to a longtime board member and program leader, Lori Darr. Ms. Darr started with the Governor's Organ Donation Advisory Committee 10 years ago. After serving on the committee she became the Program Manager in December 2000.

The Program has seen many great changes since that time. When Ms. Darr came on board the registry was not functioning at capacity. Within a short period of time Ms. Darr worked with the computer technicians and an enhanced registry was created. This registry is still used today.

The local drivers license offices had little information about the Organ Donor Program and the brochures were outdated. Ms. Darr worked with graphic designers to create a brochure that helped the public and the license offices staff understand more about the program and frequently asked questions about donation.

During her tenure she was also instrumental in the program accepting Direct Enrollments along with Online Enrollments. Direct Enrollments are

Lori Darr

paper copies filled out and signed by individuals and Online Enrollments are filled out and submitted via the internet. Once an individual signs up through one of these methods they will be on the registry until they ask to be removed.

Now funds can be donated to the program not only through the drivers license offices but also through individuals mailing checks to the program. Lastly, Ms. Darr worked with graphic artists to create a special license plate for Missouri. Donations of \$25 per year, per plate, are donated to the program fund to maintain the registry and increase awareness.

Ms. Darr was very passionate about organ donation and her passion will be truly missed. Ms. Darr, a registered nurse, accepted a position with the University of Missouri in the Division of Neurosurgery Clinic in March.

**If you know of someone that works with your local drivers license office who's life has been touched through Organ Donation please contact us. We want to highlight and share these stories with other offices to increase awareness about the importance of donation.**
